FOR IMMEDIATE RELEASE

Morris Tabush to be Featured as Expert on Commercial Real Estate Technology Panel

Tabush Group will demo Boxtop all-in-one cloud IT solution at two upcoming New York City real estate industry events

New York, NY, September 28, 2016 – [Tabush Group](#), a leading cloud computing, technology solutions, and IT services company, announced today that the company's founder and president, [Morris Tabush](#), will be featured as an expert on the "*Technology and the Commercial Real Estate Firm of Tomorrow*" panel at the NYC Real Estate Expo at 8:00 AM (ET) at the Hilton Midtown in New York City on Thursday, September 29. The panel of technology experts will share insights on emerging technologies that are transforming the commercial real estate industry.

Mr. Tabush will also present a seminar at the event on "*How to Break Free from Your Office and Go 100% Cloud*" at 11:00 AM (ET). Members of the Tabush Group team will be on-hand throughout the event (7:00 AM to 5:00 PM ET) in the expo's exhibit hall showcasing [Boxtop™](#), the company's all-in-one cloud IT solution specifically designed to meet the needs of small to midsize firms. Starting in 2013, Mr. Tabush led the development of Boxtop™, which delivers all of a company's IT needs as a simple, secure, and scalable service, with virtual desktops accessible from anywhere, at any time, on any kind of device, with a fully managed cloud infrastructure network, storage, backups, enterprise-level security, and unlimited support.

The following week, on Thursday, October 6, Tabush Group will be one of the technology companies featured at the CRE // Tech Intersect New York Symposium hosted at One World Trade Center. The 4th annual event brings together some of the most innovative technology companies serving the commercial real estate industry.

Mr. Tabush grew up passionate about technology and helping others. In 2000, he decided to turn what he loves into a business by starting Tabush Group, growing it into a leader in cloud computing and information technology solutions for small to midsize professional services firms, including commercial real estate firms. As president, Mr. Tabush oversees all aspects of the firm's business and clients. He ensures the Tabush Group team focuses on delivering outstanding service to clients, allowing organizations to focus on their business, not their IT.

Over the last 15 years, Mr. Tabush has been involved in millions of dollars of IT network and software implementations, as well as small to large-scale projects, including office relocations. He's been responsible for building and overhauling hundreds of corporate networks, and led the design and implementation of an award-winning private cloud infrastructure. Mr. Tabush has presented to groups nationwide on topics including IT management, security, and cloud, and has been quoted in the media on both IT and business topics.

Client Success Stories & Quotes

The Jemstone Group, LLC, a small commercial real estate company that focuses on the management, investment, acquisition, and development of retail shopping centers, decided to replace its aging IT infrastructure with Boxtop™. “Our employees need to be able to work outside the office without disruption, with no difference between what they can do inside versus outside the physical office. We wanted to be able to easily access everything as if we were at our desks, without having to deal with multiple platforms,” said Joseph Jemal, Principal at The Jemstone Group, LLC. Boxtop™ helps Winick Retail Group, one of New York City’s most prominent real estate retail leasing firms, scale its team and enable a mobile workforce. “I see all of our employees eventually migrating to Boxtop™, and really the whole industry moving this way. When it’s in the cloud, I know there’s nothing to worry about,” said Louis Eisinger, Chief Operating Officer at Winick Realty Group.
