SCOTT SPRAGUE, CLIENT MANAGER

Scott has been with Tabush Group for just over a year. He manages accounts, works extensively in project management, and oversees client communication and engagement.

What's your favorite part about your work?

I would definitely say it's working with the different people at Tabush Group. I really enjoy our team.

What's your go-to work from home snack? A nice Camembert cheese with a lovely Chianti.

Wow, fancy, we may need to up our snack game, way to raise the bar, Scott. What's been your favorite binge watching recently? *Tiger King*, very high-quality documentary about love and the need for tigers in our lives.

We couldn't agree more. So, what thing have you stocked up on? Cases of Pabst Blue Ribbon. Being a gangster ain't easy.

You got that right. What do you wish you had stocked up on? Grape Jelly. You can never have enough!

We hear it pairs well with Camembert.

What movie would describe your stay-at-home experience? Hahahahaha! Combo platter of *War of the Roses* and *Groundhog Day* mashup!

What's something that would surprise people to know about you? Knitting. I am some knitter. My Great, Great, Great grandmother was Betsy Ross, so knitting is in my blood!!

Hmmm..did Betsy even knit?? Favorite guilty pleasure you're okay with sharing?

I sing Prince songs in the shower, *Little Red Corvette* is a crowd pleaser!

We believe you, would just like to interview the "crowd" next.

What do you love most about Tabush Group?

I love that Tabush Group allows me to bring ideas and develop them to add to the efficiencies of our group

Aww, we appreciate all of your ideas, Scott!!
